

PLAY AREA PRESENTATION

It is true to say that recent attention has been focused on the proposed improvements to be made to the multi-sports area and on the new skate park.

The play area however has not been forgotten and it is hoped that funds can be secured to enable a programme of improvements to be made during the coming years.

In the short term there is the need to update the swings and to replace the small wooden unit with slide that is situated in the corner.

At the moment no firm decision has been reached as to what equipment to replace them with and it is hoped that parents and children will come forward with their suggestions.

Current favourites with us include the basket swing which can be used by more than one child at the same time including children with disabilities, and the rotaweb which is a rotating 3 D climber.

It is also hoped to be able to purchase a couple of picnic tables for the area.

Anyone out there who would like to get involved in the fundraising would be most welcome and can speak to either myself or Shirley Clark at the end of the meeting.
