

Are you interested in gardening and working with plants?

- We have opportunities for you to work towards a Diploma in Horticulture.
- You will be working for a gardening company or garden centre as an apprentice while on the course.
- You will need to be enthusiastic to learn and have good communication skills.
- You will have a keen interest in all aspects of gardening and want a career in gardening or plant cultivation.
- All training will be provided while working, there is no college day release.
- If you prove to be successful and pass the course you will receive a recognised qualification - Level 2 Certificate Diploma in Horticulture.

Please call Universal Training and ask for Amanda on
01564 711844 or you can e-mail me:-
