

You can use this form to respond to Uttlesford District Council's Core Strategy consultation. It must be received by us no later than Friday, 9 April.

You can either print the form and submit it by post, or email it once you have completed it.

The following questions cover the main aspects of this consultation. If you require further space for your response, please attach or print additional documents.

Q1. With regard to the "Where We Are Now" section on page 2 of the leaflet, do you have a view on the council's preferred option (Option 4)? Which option do you think is best in terms of finding sites for 4,000 homes in the district?

Q2. Do you have any comments on the housing locations identified in the "Housing" section on page 2 of the leaflet? Do you think the housing numbers are about right for each of the towns and villages? If not, what do you think the scale of development should be and do you think any alternative should be included?

Q3. Do you support the use of employment land for housing as described in the "Housing" section on page 2 of the leaflet? For the larger sites it would be possible to have a mixture of employment and housing as long as the employment was not noisy or polluting. Do you think this would work?

Q4. Do you think the issues in the "Gypsies and Travellers" section on page 3 of the leaflet are the right ones to take into account? Do you know of any sites which might be suitable?

Q5. What are your views on the options for development at the airport as set out on page 3 of the leaflet? Do you agree that scenario 2 represents the most realistic scenario? If not please say what your preference would be and why.

Q6. With regard to the "Green Belt" section on page 3 of the leaflet, do you think there should be a review of the green belt boundaries to allow small-scale/limited development on the edge of the green belt villages?

Q7. With regard to the "Employment" section on page 3 of the leaflet, do you think the council should keep provisions in the policy to allow new employment sites on greenfield sites in certain circumstances? Are there any other measures which the council could use to support firms to grow within the district?

To help us understand who from our community has replied and to ensure we have a representative mix of people, please tick the corresponding box for each of these questions:

Your name:

Your phone number:

Your email address:

Your address:

Your postcode:

Your age:       0-11       12-17       18-24       25-44       45-59       60-74       over 74

Are you:       White       Mixed       Asian or Asian British       Black or Black British       Chinese       Other

Do you have a disability?       Yes       No

Are you:       Employed       Unemployed       Retired       At Home       Studying       Other
